An Experience Unmatched in Silicon Valley

Kayaking, windsurfing, pedalboating, sailing, and more...

Shoreline offers three different camps to suit the interests, skills and age level of every participant. Besides being fun, local and safe, kids get the chance to burn off all that summer energy and keep their minds engaged by learning watersports – without the risk of the actual Bay.

Camp Shoreline

Camp Shoreline engages even the liveliest child! A classic day camp experience for 5-11 year olds, with a mix of watersports and land activities, it's the perfect combination of the cerebral and physical. Campers kayak, canoe, row or cycle the pedalboats, and take part in other activities, including: games, crafts, sailboat rides, hiking and birdwatching in Shoreline Park's wildlife sanctuary, or even visiting historic Rengstorff House museum.

Windsurfing and Sailing Camp (Level I)

The comprehensive Level I Windsurfing & Sailing day camp helps 9-15 year olds learn the basics and gain confidence in their abilities. With daily off- and on-the-water exercises, campers progressively develop essential

skills, which include water safety, and board and boat handling basics. Campers gain a solid understanding of wind direction, rigging and de-rigging as well as knot tying, jibing, tacking, upwind sailing, helmsmanship, docking, and setting a basic sailing course.

Windsurfing and Sailing Camp (Level II)

The Level II Windsurfing & Sailing day camp allows 9-15 year olds to further hone their windsurfing and sailing abilities. Along with learning more advanced techniques, topics covered include refining sail trim, heel control and sail shape controls, as well as intensive sailing drills and informal racing. Extensive on-the-water instruction helps campers to develop the necessary skills so they can continue challenging themselves in these rewarding sports.
